## Planning Process / Methodology

Briarwood Elementary School technology committee meets regularly to evaluate and talk about the needs/wants of our school. Teachers and staff can also submit requests/concerns to the committee, which then is presented to the Site Base Council approval. All technology requests are submitted to the district level for approval and purchase. Each year Briarwood also is involved in the STLP program and CIPA: the students are aware that the internet use is being monitored and that Isafe and digital citizenship are also integrated into our curriculum.

## Vision / Mission Statement

Building the future, one student at a time.

## Technology Vision and Goals

---

### Goal 1

Students will use technology as a tool for learning and research. As students learn to use technology to solve problems in their core curriculum class work, they will reinforce skills that thereby improve their academic achievement and help them prepare for the future.

(Goal: Technology Vision)

### Goal 1: Action Plan--Strategies / Activities

Require all students to demonstrate basic computer literacy skills. Briarwood school will use the ISTE National Educational Technology Standards for Students to incorporate technology into the classroom. <http://cnets.iste.org/students/index.shtml>. We will also use the Nine Elements of Digital Citizenship to make sure the students use appropriate, responsible behavior with regard to technology use. As well as, Keyboarding for Kids, and Open Book.

[http://www.digitalcitizenship.net/Nine\\_Elements.html](http://www.digitalcitizenship.net/Nine_Elements.html) (Goal Curriculum and Instructional Integration)

### Goal 2

Technology will be integrated into instruction in all classrooms.

(Goal Curriculum/Instruction)

### Goal 2: Action Plan--Strategies / Activities

Briarwood school will encourage all teachers to meet the ISTE Educational Technology Standards and Performance Indicators for All Teachers [http://cnets.iste.org/teachers/t\\_stands.html](http://cnets.iste.org/teachers/t_stands.html)

(Goal: Staff Training/Professional Development)

### Goal 3

Students will learn to use technology programs as an integral part of the learning process. Students will develop positive attitudes toward technology.(Goal Curriculum/Instructional Integration)

## **Goal 3: Action Plan--Strategies / Activities**

Students will use technology tools to enhance learning, increase productivity and promote creativity. The use of Mac Cart, iTouch, IPad and the use of iPod's with our reading series, Dreambox, Earobics, Imagine Learning and Lexia in our classrooms and the computer lab for the influx of the Burmese Student Population.

(Goal: Curriculum)

## **Goal 4**

Teachers will use technology as a valuable resource to supplement lesson plans and enhance the delivery of instruction. (Goal: Curriculum)

## **Goal 4: Action Plan--Strategies / Activities**

Teachers will design lessons that use technology to address diverse student needs and learning styles. For example, ActivBoard Inspire, Education City, KET encyclomedia, Imagine Learning, Earobics, Brain Pop, Brain Pop Junior and the TELL survey.

(Goal: Curriculum)

## **Goal 5**

Continue to maintain and Update a Briarwood Elementary School Web site.

(Goal: Curriculum/Instructional Integration)

## **Goal 5: Action Plan--Strategies / Activities**

The Web Site members will update and maintain the Briarwood Elementary site with the use of the Mac computers purchased for this task.

(Goal: Technology Vision)
