

## **Family Educational Rights and Privacy Act (FERPA) Model Notice for Directory Information**

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Warren County Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the Warren County Public Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Warren County Public Schools to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the Warren County Public Schools to disclose directory information from your child's education records without your prior written consent, you must notify the District by completing the Student Opt Out Form (FERPA) located at your school. The Warren County Public Schools has designated the following information as directory information: student names and addresses, telephone numbers, date and place of birth, major field of study, participation in officially recognized activities and sports, photograph/picture, grade level, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and most recent educational institution attended by student.

## **Notification of FERPA Rights**

The Family Educational Rights and Privacy Act (FERPA) affords parents and “eligible students” (students 18 years of age or older or students who are attending a postsecondary institution) certain rights with respect to the student’s education records. They are:

1. ***The right to inspect and review the student’s education records within forty-five (45) days of the day the District receives a request for access.***

Parents or eligible students should submit to the school Principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.

2. ***The right to inspect and review logs documenting disclosures of the student’s education records.***

Except for disclosure to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosure to the parent or eligible student, FERPA regulations require the District to record the disclosure.

3. ***The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student’s privacy or other rights.***

Parents or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, or in violation of privacy or other rights. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

4. ***The right to provide written consent prior to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.***

Exceptions that permit disclosure without consent include:

- a. Disclosure to school officials with legitimate educational interests. A “school official” is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a volunteer, or an outside person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility to the District.

This may include contractors, consultants, volunteers, and other parties to whom the District has outsourced services or functions.

- b. Upon request, disclosure of education records without parent/eligible student notice or consent to officials of another school district or post-secondary institution in which a student seeks or intends to enroll or is already enrolled or to other entities authorized by law so long as the disclosure is for purposes related to the student's enrollment or transfer.
- c. Disclosure of information to those whose knowledge of such information is necessary to respond to an actual, impending, or imminent articulable and significant health/safety threat.
- d. Disclosure to state and local educational authorities and accrediting organizations, subject to requirements of FERPA regulations.

Designated Kentucky State agencies may be permitted access to student record information, which will depend on the authority granted to their particular agency.

- 5. ***The right to notify the District in writing to withhold information the Board has designated as directory information as listed in the annual directory information notice the District provides to parents/eligible students.***

To exercise this right, parents/eligible students shall notify the District by the deadline designated by the District.

- 6. ***The right to prohibit the disclosure of personally identifiable information concerning the student to recruiting representatives of the U. S. Armed Forces and its service academies, the Kentucky Air National Guard, the Kentucky Army National Guard and institutions of higher education.***

Unless the parent or student who has reached age 18 requests in writing that the District not release information, the student's name, address, and telephone number (if listed) shall be released to Armed Forces recruiters and institutions of higher education upon their request.

- 7. ***The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.*** The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW
