ASSIGNMENT

• You have been asked to create a time capsule about...YOU. Inside your time capsule you have been asked to place items that show YOUR culture.

• Using Keynote, everyone is to create their own time capsule about the 8 Aspects of Culture for you. There should be a slide for each aspect, and how that aspect relates to you.

• Feel free to make the Keynote as interesting as possible. Include pictures, music, videos, etc. For each slide you should have a short writing explaining how the items or ideas you picked are part of your culture. This should be FUN.

• You will present your time capsule to the class the Monday we get back from Fall Break.
